

Better Care For Better Living

November 1, 2012

To Whom It May Concern,

I am pleased to recommend Mark Seguin and TBG Fraud Solutions for your ID Theft Prevention training. We have had the pleasure of having Mark come to our office annually, starting in 2009, to train our employees to identify red flags. He came first in 2009 and identified areas in our office where we were at risk for ID theft and made several recommendations to correct them, most we were able to do immediately. Since then he has come every year to review the information with existing employees and to train new ones. Each time our employees have said the training was enjoyable and that they learned something new they could apply in the workplace as well as in their personal life. His presentations are professional, informative and engaging.

I believe that you and your organization will be very satisfied with the results after having your team trained by Mark Seguin and TGB Fraud Solutions.

Sincerely,
