

TYLER JUNIOR COLLEGE

A QUALITY EDUCATION • A VIBRANT STUDENT LIFE • COMMUNITY SERVICE

June 7, 2011

To whom it may concern,

It is my pleasure to recommend Mark Seguin of TBG Fraud Solutions, as a seasoned expert of organizational and employee training in the area of identity theft awareness and protection. Mark is a certified ID Theft Risk Management Specialist, and has over 10 years training experience.

I came to know Mark spring of 2009. I serve as Coordinator for Professional Development for Tyler Junior College (TJC), and have utilized Mark to hold monthly class sessions for faculty and staff to understand the dangers of identity theft, and how they can make efforts to better protect themselves from becoming a potential victim. The sessions also help TJC employees recognize how they should handle the sensitive information of our students. It is a requirement at TJC that all employees engage in this informational training every two years, hence why we offer monthly class sessions for those that must renew their identity theft knowledge.

I am thoroughly pleased with Mark's in depth knowledge of identity theft, and he is an engaging speaker. He is always efficient in his responses to attendee questions during the trainings. I also subscribe to one of TBG Fraud Solution's identity theft protection packages, and our TJC faculty and staff is afforded the opportunity to enroll in TBG Fraud's services if they desire. I don't think you will find more comprehensive identity theft training quite like Mark's.

I trust my highlights of Mark's skills and qualifications show that he is an excellent candidate of choice should you consider a speaker to train your employees in the area of identity theft awareness and protection.

If you wish, I would welcome the opportunity to visit with you in greater detail about Mark's skills and qualifications.

Sincerely,

Ije "EJ" Unegbu, M.S.

Coordinator for Professional Development, Tyler Junior College
