September 21, 2011

To whom it may concern:

Our system invited TBG Fraud Solutions to speak at our Teacher Institute this year. We gave them an hour time slot, and going into the presentation I was kind of worried about how our employees would respond. I try to be selective in the presentations we allow and wasn't really sure about how this presentation on identity theft would be received.

At the completion of the presentation, I was wishing we would have allotted more time! The presentation given was very informational, thorough, and eye-opening. I received numerous compliments after the session on how they appreciated the information that was presented. I have since scheduled 2 follow-up visits with TBG Fraud Solutions in November for additional training.

If you have not been exposed to identity theft and fraud solution products, I would highly recommend TBG Solutions to speak to your staff.

Sincerely,

Dennis R. Coe,
Superintendent
