To whom it may concern:

Re: TBG Fraud Solutions  
ID Theft Prevention Training/Policies/Services

Recently we worked with Matt Morris of TBG-Fraud Solutions to help our district proactively deal with the potential risks of non public information breaches and identity theft. Matt Morris provided valuable training (staff development) to our entire staff on this topic, and we are pleased that our entire staff is now more aware of the ID theft issue and that they were able to get tips on how to handle sensitive information.

With the tremendous growth of this problem and understanding the potential impact on organizations, we felt this staff development was an important and productive use of our staff's time because the District wants to be proactive in dealing with this type of matter. Matt was effective in generating a greater awareness among our staff of the power of information and the importance in being vigilant in how information is handled at all levels of our organization.

Along with this training program we also decided to make available their Identity Theft and Legal Plan services to our employee's on a voluntary payroll deduction basis with no obligation that our employees sign up. Matt went the extra mile to make sure that anyone who wanted to leave after the staff development training portion of the meeting was able to leave the meeting. Those that were interested in learning more about the Identify Theft and Legal Plan services had an opportunity to hear about them on a voluntary basis. These services were offered by Matt Morris in a no pressure atmosphere.

I did a lot of reference checking prior to our relationship with Matt Morris and TBG and now after having worked with them in our own district I would recommend them to any other organization that wants to be proactive in providing staff development in this area. In addition, it was great to see how Matt offered the Services in a no pressure atmosphere. You can call me at (559) 688-2021 if you have any questions or concerns as you may be contemplating Matt's services.

Sincerely,

Alfonso Gamino  
Assistant Superintendent
